The Sunred Brand

— SUNRED • DESIGN, HEAT AND AMBIANCE. THESE ARE THE KEYWORDS OF OUR HEATING SYSTEMS. THE COLLECTION CONSISTS OF ECONOMICAL QUARTZ MODELS TO THE MOST EFFICIENT LINE OF PATIO HEATING MODELS WITH LOW GLARE GOLDEN TUBE ELEMENTS. ALSO IN GAS MODELS WE HAVE A WIDE RANGE OF PATIO HEATERS AND DECORATIVE 'FLAMETORCHES'.

Royal Diamond Collection

— What is new: the Royal Diamond line! Within this collection you can find heaters with the rosé gold heating technology. Thanks to the extra reflection of a layer of rosé gold leaf, you will experience an even more intense warmth. With a cost-saving lower wattage this heater is therefore extremely efficient. The outdoor patio heaters with remote control are suitable for the hotel and catering industry, but also for private use.

OUR PICK FOR DESIGN

ROYAL DIAMOND *line*

Royal Diamond

— The **Royal Diamond Collection** is part of SunRed. These patio heaters are distinguished by their **efficiency, intense heat distribution and low glare elements**. The heat systems are equipped with **Rose Golden tube elements** in a *sleek design housing*. The user-friendly outdoor patio heaters with remote control are suitable for the hotel and catering industry, but also for the consumer.

This **premium quality line** within the range of SunRed ensures that you achieve the **same heat effect with less power**. The heating elements are covered with a **rose gold layer** that **enhances the heat radiation by reflection and reduces the light emission**, so that no annoying orange light emanates from the heater.
